

In the press

Here you can find extracts from articles about Loyalty Partner Solutions and our products.

Germany is becoming the loyalty power center in Europe (COLLOQUY Magazin)

The international loyalty magazine Colloquy is convinced that Germany is poised to become the next loyalty power center in Europe. As a specialist for loyalty programmes, Loyalty Partner Solutions plays a key role in this development:

Integration of OSGI in the Loyalty Management Suite (Java Magazin)

Loyalty Partner Solutions does not only use "state of the art" technologies for its product LMS, but also develops it further. For example: the component model OSGI - a open, modular and scalable "Service Delivery Platform" based on Java - was successfully integrated in LMS.
